Airport Advisory Commission considers recommending that the City Council:

AUTHORIZE Contract #860912A-3, a Lease Amendment for the Federal Aviation Administration (FAA), Air Traffic Control Tower located at Scottsdale Airport.

PURPOSE

The amendment for the Air Traffic Control Tower lease agreement is being requested by the FAA because they are concerned with City's Fire Department personnel and members of the public using their leasehold to access Fire Station 812. The FAA wants to return the portion of the leasehold adjacent to the cul-de-sac at 78th Way, back to the Airport/City of Scottsdale because they don't want to be liable for non-FAA activity that is taking place in that area of the leasehold.

KEY CONSIDERATIONS

- The FAA and the City entered into the original lease for the ATCT parcel in March, 1987.
- The FAA and the City expanded the leasehold to include the area adjacent to the 78th Way cul-de-sac on January 1, 1988 via lease modification #1.
- The FAA and the City agreed to change a minor landscaping clause in the original lease by executing lease modification #2 on June 18, 2001.
- Grant Assurance #28 requires the City to furnish land, without cost, to the FAA for air traffic control facilities.
- The driveway and public access sidewalk for Fire Station 812 is currently configured so that access to and from the station must go across the FAA's leasehold.
- The FAA is requesting to return this area of the leasehold to the City via this lease modification because of liability concerns.
- The FAA is also requesting to insert their standard hazardous substance clause (#11) into the lease to clarify responsibility of hazardous material remediation during certain situations.
- The City Attorney's office concurs with the execution of this 3rd lease modification with the FAA.

LEASE MODIFICATION/SUPPLEMENT

Modification/Supplement No. 003	Lease Contract No. DTFA08-86-L-11706	Effective Date
Lessor City of Scottsdale 3939 Civic Center Scottsdale, AZ 85251		Accounting & Appropriation Data
THIS AGREEMENT IS ENTERED INTO PURSUANT TO THE PROVISIONS OF 49 USC 40110 (B).		

Description of Modification/Supplement

The purpose of this modification is to decrease the leased area of the above-referenced lease. The area being deleted from the legal description is further described as Exhibits "A" and "A-1". This area has been used as a public right-of-way and access area to gain access onto airport property and will continue to be used as a public right-of-way and access area by the general public, airport personnel and the Government. The Government shall continue to have rights of ingress and egress using the public right-of-way and access area to gain access onto airport property.

- Exhibit "A" – Legal Description of Public Right-of-Way and Access Area
- Exhibit "A-1" – Public Right-of-Way and Access Area Plot

Exhibits "B" and "B-1" are also attached and describe the new leased area. Therefore, Lease Modification No. 001 dated January 1, 1988 is deleted in its entirety and replaced with the following pages which are attached and made a part of this lease:

- Exhibit "B" – Legal Description of Air Traffic Control Tower (ATCT)
- Exhibit "B-1" – Air Traffic Control Tower (ATCT) Lease Plot

In addition, the following Hazardous Contamination clause is included in the lease as Paragraph 11:

11. HAZARDOUS SUBSTANCE CONTAMINATION (5/00)

The Government agrees to remediate, at its sole cost, all hazardous substance contamination on the leased premises that is found to have occurred as a direct result of the installation, operation, and/or maintenance of the Air Traffic Control Tower facility. The Lessor agrees to remediate, at its sole cost, any and all other hazardous substance contamination found on the leased premises. The Lessor also agrees to save and hold the Government harmless for any and all costs, liabilities and/or claims by third parties that arise out of hazardous contamination found on the leased premises not directly attributable to the installation, operation and/or maintenance of the Air Traffic Control Tower facility.

A briefing regarding the proposed and in-progress hangar/office/warehouse development adjacent to the airpark taxilanes.

PURPOSE

The Scottsdale Airport monitors proposed and in-process development adjacent to the airpark taxilanes to minimize construction impacts on aircraft operations and ensure compliance with Airport Grant Assurances and other regulations.

KEY CONSIDERATIONS

- The airport staff in consultation with the Development Services Department reviews development adjacent to the airpark taxilanes for compliance with the Airpark Design Guidelines, Airpark Rules and Regulations and Airpark Minimum Operating Standards.
- Airport Grant Assurances require airport sponsors to regulate off-airport through-the-fence aeronautical activity, ensure airspace protection, and land use is compatible with airport operations.
- Consultation with private developers during design has resulted in development that better accommodates both aeronautical and non-aeronautical uses, improved levels of aeronautical safety through appropriate design and landscaping, and enhanced coordination with the Scottsdale north-airpark property owner association (SNAPOA).
